

Rob Snyder

Philadelphia, PA

1-814-790-9279

rsnyder@larsontexts.com

Rob is a National Math Consultant for Big Ideas Learning. He brings 11 years of experience as a middle school math and science teacher. As a mathematics teacher, part of Rob's roll was to create a rigorous math curriculum, mentor and coach new teachers, and create highly engaging mathematics videos to help students better grasp challenging topics. Rob's use of technology as a solution for snow days was featured on numerous local news outlets. He is a Level 1 Google Certified Educator.

Rob holds a Bachelor of Arts in Secondary Education from Holy Family University with a middle level certification in Mathematics and in English.
