

# Shelly Baumann

Mecosta, MI  
(814) 440-8666  
sbaumann@larsontexts.com

Shelly Baumann is a National Consultant for Big Ideas Learning. Shelly has 34 years experience as a classroom teacher and 6 years experience using *Big Ideas Math* with her middle school math students. Shelly travels throughout the United States, giving sales presentations and conducting workshops at schools, districts, and local and regional meetings.

While in the classroom, Shelly served on the School Improvement Committee and the K-12 Curriculum Cabinet to monitor and improve instruction. She piloted and implemented many of the math and technology initiatives within her district.

Shelly earned a Bachelor's degree in Elementary Education from Michigan State University. She received her Master of Education in Educational Technology from Grand Valley State University.
